

FOR IMMEDIATE RELEASE

## July 1, 2021, Guard911 – Alyssa’s Law Emergency Mobile Alert System Deadline is Fast Approaching

The deadline for all Florida public and charter schools to choose their [Alyssa’s Law](#) emergency mobile alert system is August 1, 2021 – less than a month away.

***“The Florida Legislature has allocated \$6.4 million in recurring state funds to ensure every Florida public [and charter] school has this critical life-saving tool.” – [Florida Department of Education](#)***

As Florida public and charter schools consider which emergency mobile alert app system to implement to safeguard their children, staff, visitors, and school communities, it’s beneficial to know **Guard911 is an FDOE-approved vendor, [contact number 21-959](#)**. Guard911 has the ability to have a school’s system up and running within a couple of days.

**Guard911 is the ONLY app solution with the [Hero911 Network](#) of 60,000+ law enforcement officers who are notified instantly, along with 911, when the app is activated.** In active shooter incidents and emergency situations, Hero911 officers can be on-scene faster than those dispatched through 911 – something NO other service has – which is vital When Seconds Save Lives.

Many Florida public and charter schools such as Taylor, Bay, Union, and Gulf Counties, see the value of Guard911 and have selected Guard911 as their solution. Steve Hoard, Coordinator of Safety and Mental Health at Union County Schools, believes Guard911 is an excellent vendor choice by the state. *“Union County schools have relied on the powerful, proven effectiveness and simplicity of [SchoolGuard](#) for the past several years.” Hoard states, **“We highly recommend other school districts in Florida implement Guard911 as well.”***

In addition to the dedicated nationwide team of Hero911 officers, **schools across America have chosen Guard911 since 2013 for many reasons.**

- [Guard911](#) is the most straightforward, easy-to-use emergency mobile alert system available.
- There is minimal effort required to get started. Schools simply call and they do the rest.
- Guard911’s expert team can have a school’s service up and running within a couple of days.
- Mobile app AND desktop app solutions are included, with wearable and fixed panic buttons.
- The emergency alert *instantly* speed dials 911 and notifies the established Hero911 Network of law enforcement officers, as well as 911 call takers in proximity to the Guard911-protected property.
- A campus-wide emergency alert is instantly sent to teachers and staff for situational awareness.
- Any Guard911 protected property within 5 miles is also alerted of the threat.
- There are other one-of-a-kind, useful features with equal simplicity, such as Principal Push™ and Teacher Assist™.
- Training takes mere minutes.

Guard911 was formed by law enforcement and technology experts with a deep psychological approach to active shooter emergencies. Guard911 apps were designed with a single focus – to provide an early warning system for armed intruder tragedies and save precious seconds that can mean the difference between life and death.
